Help!! I goofed!

During the hustle and bustle of Railroad Day, I somehow misplaced the list of orders I had received from customers for Christmas jewelry. If you would be so kind as to call my mother, 352-5411 or 352-5586, with your orders, I will see that it is received in time for Christmas giving.

Thank You, Robert Moon.

APS STUDENTS PACK FOOD ITEMS FOR ZAMBIA, AFRICA

Pictured above are Byron Whitted, Cheryl Simpson, and John Jendzuraki packaging food items for a former teacher who is serving as a missionary in Zambia. Miss Ginger Welch, a former APS kindergarten teacher, cannot get food items such as chocolate, nuts, flavoring and spices, cereals, and quicky-packaged foods. Both students and staff enjoyed collecting the items in October. But, zap!! An embargo had been placed on Zambia and nothing could be shipped to Africa.

What course should be taken now? We tried the Southern Baptist Foreign Mission Board with a promise of delivery by February. Our next step was to contact our congressman. After three letters and a phone call, the Honorable Dan Daniels made it possible for our school to ship these items under an act of humanitarianism. We are indeed grateful for the support and cooperation of our congressman. And, our packages should arrive for Miss Welch in just three weeks!

AMS PTA To Meet December 5

The Appomattox Middle School Parent Teacher Association will meet December 5th at 8 p.m. at the school.

Since the beginning of public education in Virginia, a diploma has been awarded to students upon graduation from high school as an indication of intellectual competency and achievement. To the graduate it represents a major educational achievement.

The number of students, as a percentage of the students entering first grade, who graduate has increased greatly within the past two decades. The increase in the number of graduates has been accompanied by a question on the part of the public, also the meaning of the diploma.

The public's concern for the continuing integrity of the diploma was a contributing factor in the decision of the Board of Education to include in the recently revised "Standards For Accrediting Secondard Schools In Virginia" minimum competencies as a second requirement for graduation. The Board of Education has designated the Senior Class of 1980-81 as the first graduating class to comply with the revised requirements for graduation from accredited Virginia high schools. A program will be presented on establishing minimum competencies for high school graduation.

The Appomattox Middle School invites parents of the present ninth grade class to share in this program.

Also a program of Christmas music will be presented by the music department.

An exhibit of student art work will be on display.

Appomattox Middle School Tri-Hi-Y

The Appomattox Middle School Tri-Hi-Y met Thursday, Nov. 17. A dance is to be held Friday, Nov. 18 from 8 - 10:30 p.m. Music will be provided by WTTX disc jockeys.

A surprise baby shower was planned for Mrs. Frances Goin, a former Tri-Hi-Y sponsor. The shower is to be held Nov. 21 at 3:30 p.m. in the AMS cafeteria. A gift from the Tri-Hi-Y and AMS faculty will be presented along with many others.

Tri-Hi-Y is always full of adventure, so you will be hearing more late on.

Attention Cattle Farmers

Many farmers will need to buy additional feed for cattle this winter. We are now dealers for Alfacorn, a pelleted, dehydrated alfalfa and corn. We feel this is a better buy than hay that is being shipped in. The price is competative with hay and the quality is uniform. Alfacorn works well with a liquid protein supplement. Alfacorn and liquid protein are both approved for ASC help under the disaster program. Call us today for more information, samples, and prices on Alfacorn.
